K. THIPPERUDRIAH,
Secretary,
Central Recruitment Board.

ENGINEERING DEPARTMENT.

BANGALORE DIVISION.

Notification dated 6th January 1940.

The attention of the public is hereby invited to the detailed notification inviting sealed tenders for the maintenance work to Jigani Major Tank, Reg. No. 145 of Anekal Taluk, published on pages 2510-11 of Part VI of the *Mysore Gazette,* dated 14th December 1939 and to inform that the last day for the receipt of the tender is extended from 23rd December 1939 to 26th January 1940.

Duplicate challan for having credited into the Treasury the deposit amount of Rs. 125 should accompany each tender.

N. LAKSHMINARASIMHAIYA,
Executive Engineer.

KOLAR DIVISION.

Notification dated 9th January 1940.

1. Sealed tenders will be received at the Office of the Executive Engineer, Kolar Division, up to 2 P.M. on 29th January 1940, for restoring Muniganahalli (Minor) Tank Reg. No. 666—407, Chintamani Taluk.

2. Tenders in the prescribed form obtainable from the Office of the Executive Engineer, Kolar Division, should be addressed to the Executive Engineer, Kolar Division, in a sealed cover and superscribed as "Tender for restoring Muniganahalli Minor Tank." The name of the tenderer should also be superscribed on the top of the cover.

3. Each tender must be accompanied by a treasury challan for earnest money of Rs. 230, paid to the treasury to the credit of "17 (*a*) P. W. Deposits," against the account of the Executive Engineer, Kolar Division. The earnest money of the successful tenderer will be retained, as security for the due fulfilment of the contract. Such a deposit in cash will not carry any interest.

4. The tenders will be opened in the presence of such tenderers who wish to be present on 29th January 1940 at Kolar. The final acceptance of the tender will rest with the Executive Engineer, who does not bind himself to accept the lowest or any tender, or to assign any reason whatever for the rejection of any.

5. The name of the successful tenderer will be posted on the Notice Board in the Executive Engineer's Office in due course. Within eight days of the acceptance of the tender, the successful tenderer will be required to execute an agreement in the departmental Schedule Contract Form, for the due fulfilment of the contract, and for the execution of all items of work in accordance with the Bombay Specifications. A reserve of 5 per cent will be withheld in the work bills of the contractor and the same repaid after the due fulfilment of the contract.

6. Failure to comply with the condition 5 above or to agree to carry out the work in accordance with the specifications and agreements in force will entail forfeiture of the earnest money.

7. The earnest money of rejected tenders will be returned on submission of the receipt originally granted, along with an application to the Executive Engineer.

8. Copies of contract documents, schedules and drawings, may be seen at any time at the Executive Engineer's Office, Kolar, on all working days between 11 A.M. and 5 P.M.

9. Specific rates should be given for each item in the schedule accompanying the tender and the rates should be in rupees, annas and pies and expressed in words and figures. Tenders offering a percentage reduction on the estimate amount will be rejected.

10. Any rates or lumpsum amounts for the items not called for, if tendered by the tenderer, will not be taken notice of. The rates for such items may be entered in a separate schedule with date and reasons for the same. When lumpsum provisions are shown in the schedule of quantities the contractor will be paid at either his tendered rate for each item or the prevailing schedule of rates in the Division at the discretion of the Executive Engineer.

11. No alterations which are made by the tenderers in the tender form in the nomenclature of the items of work will be recognised and if corrections are made, the tenders are liable to rejection.

12. There should be no alterations or erasures in the tenders in the rates of items and any corrections made in the rates should be attested to, and the number of corrections, if any, in each page noted at the foot of the same by the tenderer.

13. No reference should be made to the Public Works Department schedule of rates.

14. In the event of the tender being submitted by a firm, it must be signed separately and severally by each member thereof, or in the event of absence of any partner, it must be signed on his behalf by a person holding power-of-attorney authorising him to do so.

15. When once the rates tendered have been accepted, they will not be revised under any circumstances. In regard to items of work not tendered, the rates for the same will be calculated by the Executive Engineer, on the basis of current rates for materials and labour with a contractor's profit of 5 per cent as may be approved by the Superintending Engineer. This shall be final and legally binding on the tenderer.

16. The quantities given in the schedule are only approximate and the drawings shown to the contractor are only tentative and are liable to alterations, omissions, deductions or additions, at the discretion of the Executive Engineer or his representative and may be due to any reason whatsoever. The tendered rates will hold good for any quantity, whether higher or lower than those given in the enclosed schedule.

17. The works should be completed and handed over in a tidy condition to the Public Works Department by the end of May 1940, failing which the Executive Engineer may, at his discretion, levy a penalty of Rs. 5 per day which will ordinarily be calculated at 12 per cent per annum on the total outlay as liquidated damages for non-fulfilment of contract, and will be recovered from the contractor's outstandings for the period exceeded by him beyond the time fixed and until the work is completed and handed over.

18. In all matters of disputes of any kind not specially provided for in the agreement or of rates, penalties, measurements, quality of work, etc., the decision of the Chief or the Superintending Engineer shall be final and legally binding.

19. No claim for damages for delays caused by officers of the Department in the execution of the work will be considered, whatever may be the reasons for such delays. Contractors should bear this in mind when tendering for the work. Extension of time due to delays caused by the departmental officers will, however be considered on the merits of each case.

20. The contract should not be sublet.

21. All materials, tools and plant and machinery that will be supplied by the Executive Engineer in the interest of the work shall be accepted by the tenderer at the rates fixed by the Executive Engineer. The tenderer will pay the hire on tools and plant and machinery as per rules from the date of taking over of such machinery, tools and plant from the Stores to the date of return thereto, the dates considered being the dates of acknowledgments of the vouchers in each transaction.

22. The contractor should arrange for the payment of royalty and tolls.

Note.—(*a*) The contractor should at his own cost—

(1) Provide rods, stakes, ropes and labour required in setting out the works.
(2) Provide all necessary scaffolding, centering, labour and appliances for hoisting.
(3) Provide mortar mills and sheds, to keep materials under cover and also for workmen.
(4) Arrange for protecting work during inclement weather.
(5) Supply requisite temporary lights, water cisterns, water pumps and hoses, sieves, parahs, shoring, strutting and other requisite protective appliances during the progress of the work.
(6) Supply all water required for work and workmen and shall provide temporary latrines and drains.
(7) Clean away all dirt, rubbish, superfluous materials and debris as they accumulate.
(8) Provide arrangements for pumping and baling of water from excavations and foundations wherever and whenever necessary with his own pumping apparatus including necessary leading drains, slump pits, etc.

(9) Afford facilities to any other parties employed upon the work by the P. W. D., so that their work may proceed during the progress of the contract, and give such persons the use of ordinary scaffolding and ladders.

(10) The contractor is responsible for all accidents to workmen, etc., on the work and he must take precaution against all risk of accidents and if necessary provide for the same by insurance at the proper time.

Note.—(*b*) It is the business of the contractor to make his own arrangements for quarries and supplies of materials.

N.B.—Copies of tenders in the prescribed form are obtainable from the Office of the Executive Engineer, Kolar Division, Kolar, only on a payment of four annas per form.

To

The Hardware Merchants.

Sealed tenders for the purchase of the following material will be received in the office of the Chief Electrical Engineer, Bangalore, up to 2 P.M. on 31st January 1940.

The exact quantity that will be available for sale must be accepted by the successful tenderer. The material is available at Sivasamudram Stores and may be inspected there. Intending purchasers should quote their highest offer Ex-Sivasamudram Stores. The purchaser must make his own arrangements and remove the material from the Stores-house within three days after receipt of intimation of acceptance of his tender. He must pay the full value of the material before the same could be handed over, in the office of the General Superintendent, Sivasamudram.

The Chief Electrical Engineer reserves to himeslf the right to refuse the highest or any tender, whole or part, without assigning any reason therefor.

Tenders should be superscribed "Tender for the purchase of Angles and Flats to be opened at 2 P.M. on 31st January 1940".

Lengths 400 of New Angle Iron 4″×4″×½″, in standard lengths, 12.75 lbs. per foot Sec.
Lengths 400 of New Flat Iron M.S. 3″×½″, in standard lengths, 5.10 lbs. per foot.

M. HAYATH,
For *Chief Electrical Engineer.*

OFFICE OF THE SUPERINTENDENT, POWER AND LIGHTING, BANGALORE.

Notification dated 8th January 1940.

Sealed tenders for carting 310 Baliga poles of 30 ft. long, and miscellaneous line materials, will be received in the office of the Superintendent, Power and Lighting, Bangalore, up to 3 P.M. on 27th January 1940 in connection with the electrification of Sulebele and other villages in Hoskote Taluk.

2. Tenders should be superscribed as "Tender for carting 310 Baliga poles and sundry materials to Sulebele and other villages in Hoskote Taluk" to be opened on 27th January 1940, and sent in triplicate along with an earnest money of Rs. 50.

3. Within four days from the date of acceptance of the tender, the successful tenderer will be required to execute an agreement, failing which, the tender will be treated as cancelled and the earnest money deposited will be forfeited to Government.

4. The rates to be tendered should be in the form noted below and should be entered both in words and figures.

5. Payment will be made on bills, prepared in duplicate in ink or typewritten and submitted by the contractor in the prescribed printed forms, as and when the materials are carted. All claims relating to one consignment should be included in one bill for each section.

6. Loading and unloading carts or lorry should be arranged to be done by the contractor himself. The decision of the Chief Electrical Engineer, for all carting done will be final in all cases of doubt and legally binding.

7. The carting contractor should be in constant touch with the Assistant Controller of Stores, Bangalore, and Operator, Hoskote, and supply carts whenever called upon to do so at the shortest notice possible. The cartmen or coolies should submit to the rules of the Department.

8. If carts are not supplied, as and when required, other carts will be engaged on the spot, at the available rates, and any extra cost incurred thereby will be deducted from the pending bills or earnest money of the contractor. His complaint thereof will not prevail.

9. Fractions of a rupee, in the totals of bills amounting to Rs. 25 or more, will be rounded to the nearest rupee, that is, fractions of less than half a rupee will be disregarded and half a rupee and above taken as a rupee. Totals of bills for less than Rs. 25 will be rounded to the nearest anna, that is, half an anna and above will be taken as one anna and less than half an anna will be disregarded.

10. The Superintendent, Power and Lighting, Bangalore, reserves the right to accept the lowest or any other tender. He is also at liberty to accept or reject any or all the tenders without assigning any reasons therefor.
